Education

Bangladesh University of Engineering and Technology (BUET)

B.Sc. in Computer Science & Engineering

2021 – Present

Dhaka, Bangladesh

- Dean's List honoree for 2nd Year academic excellence in the CSE department

Notre Dame College

Higher Secondary Certificate (HSC)

2021

Dhaka, Bangladesh

- General Scholarship, HSC Examination, Dhaka Board

Publications

- “Not All Code Looks the Same: Multi-View Structural and Semantic Detection of Machine-Generated Code” – **Co-first author**.

Accepted at **SemEval-2026**, ACL 2026 Workshop (20th Int'l Workshop on Semantic Evaluation), San Diego, CA 2026

- “Zero-Shot Traffic Accident Detection via a Coarse-to-Fine VLM-Tracking Pipeline”

Accepted at the **AUTOPILOT Workshop @ CVPR 2026**, Denver, CO 2026

Leadership & Experience

BUET Cyber Security Club

Present

President

- Leading the university's cybersecurity community, organizing CTF competitions, workshops, and security awareness initiatives

Technical Skills

Languages: C/C++, Java, Python, JavaScript, SQL, Assembly

Web & Frameworks: React, Node.js, Express.js, HTML/CSS

Databases: PostgreSQL, Oracle, MySQL, Supabase, Firebase

Cloud & DevOps: Microsoft Azure, Docker, Kubernetes, Git/GitHub

ML / Data Science: Pandas, NumPy, Scikit-learn

Other: Blockchain/Web3, Ethereum Smart Contracts, CTF/Cybersecurity

Selected Projects

XFactor Search Engine – AI Engineering Hackathon

Python, QdrantDB, Semantic Search, NLP

Champion – BrainStation & Poridhi

- Built an intent-based search system with multilingual query understanding and semantic retrieval using QdrantDB
- Designed a cost-effective architecture achieving high relevance on diverse query types, winning 1st place

Datathon – CUET CSE Fest 2025

Champion

Python, Machine Learning, NLP

- Developed a classification model to detect intent and sentiment behind memes, distinguishing political satire from humor

ExoReach – NASA Space Apps Challenge 2024

React, Data Visualization, NASA APIs

Team BUET Astroscape

- Developed an interactive space education platform with 3D exoplanet visualization and a planetary data explorer
- Integrated NASA exoplanet APIs for real-time data rendering and built community features for collaborative learning

FictionProfile – Full-Stack Web Application

PostgreSQL, Express.js, React, Node.js (PERN)

- Designed a media content discovery platform with social features, user profiles, and recommendation capabilities
- Engineered a relational database schema supporting complex queries for content filtering, reviews, and user interactions

Achievements

- **Champion**, Datathon – CUET CSE Fest 2025
- **Champion**, AI Engineering Hackathon – BrainStation & Poridhi (Team BUET XFACTOR)
- **Rising Team Award**, Blockchain Category – BUET CSE Fest 2023
- **Dean's List**, 2nd Year Academic Excellence – BUET CSE Department
- **Talent Pool Scholarship**, SSC – Ranked 47th in Dhaka Board (2019); also in JSC and PSC
